Submissions are accepted throughout the year. In order to be considered for inclusion in the following year’s issue, contributions must be submitted by June 1, of the current year.

1. **Modalities of Submission**
   - All submitted articles undergo a double peer review process.
   - Articles are submitted as word files to the editors of the journal (zks@kanada-studien.de). They will forward articles to the leaders of the thematically/academically appropriate section for a first review, after which they either send it back to the author with annotations or forward it to the editors. The latter send an anonymized version of the article to a second reviewer.
   - When submitting to the editor, please attach to submission a separate file that lists the author’s name, title, office address, phone number, fax and e-mail address.
   - Upon print publication, the author will receive both a digital (PDF) and physical copy of their article.

**Abstracts**
- Abstracts in English and French must precede the text; length: max. 150-200 words respectively; italicized

- References to the location of figures, illustrations, tables and maps should be indicated in the text file; figures and maps (in print quality) need to be submitted as separate files and are numbered consecutively in the text using Arabic numerals

   - **References** always follow the quotation directly
   - **Quotations within quotations** (e.g. direct speech) are indicated by single quotation marks
   - **Accentuations**: words and expressions with intended emphasis appear in italics
   - All quotation marks conform with the language of the article, regardless of the language of the quotation
